Sights:	Adjustable White Dot

HAND-SELECTED KEY FEATURES:

- Premium Stinox® coating
- One-piece wrap-around aluminum grip
- Dynamic Performance Trigger (DPT)
- All-Steel Heavy Frame Construction
- Optics Ready

The Walther PDP Black Tie – Meister Manufaktur Limited Edition – redefines understated elegance on the proven PDP Steel Frame Match Full Size platform. This special edition 9mm pistol fuses legendary German precision with refined, high-end aesthetics delivering competition-grade performance in a sophisticated, modern-classic design for discerning shooters and collectors.

The signature Black Tie finish starts with Tenifer® nitride treatment on the barrel, slide, steel frame, and magazine base plate for exceptional hardness and corrosion protection, then enhanced by premium Stinox® coating for an upscale satin sheen with outstanding wear resistance. This timeless, subdued sophistication pairs perfectly with a one-piece wrap-around aluminum grip (aerospace-grade alloy, 20 LPI checkering, satin anodizing) for luxurious, ergonomic control unique in its class.

Rooted in all-steel construction for rock-solid stability and dramatic recoil reduction, it features a 5" match-grade barrel, optics-ready slide with plate system, flared magazine well, ambidextrous controls, and three 20-round magazines. The Dynamic Performance Trigger delivers a crisp, glass-like ~5 lb. break with ultra-short reset for match-winning speed and precision in USPSA, IDPA, Steel Challenge, or premium defensive use.

With Meister Manufaktur detailing and limited availability, the PDP Black Tie combines timeless black-tie refinement, superior surface technology, and elite capability.
